The objection of claims 1, 14, 18, and the rejection of claims 1 - 12 under 35 U.S.C 112 first paragraph have been withdrawn.

Art Unit: 2735

Response to Arguments

1. The examiner has reviewed the art of record in view of Applicant's arguments; it is the examiner's position that the art of record is deficient of some of the limitations as claimed. In view of such, the rejections under sections 103(a) as were noted in the last office action are hereby withdrawn; thus, allowing claims 13 - 35.

Allowable Subject Matter

2. Claims 13 - 35 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: As specifically claimed, the art of record fail to suggest, among other limitations, in combination a method of an interrogator reading one or more RFID transponders in a field comprising the steps of upon determining an invalid data transmission, informing all active transponders in the field that there was an incomplete read, the informing including suppressing the carrier.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
